INDUSTRY INSIGHTS - AUGUST 2022

New Developments in New Space

As we say goodbye to the heatwave here in the UK, we say hello to August's monthly insights.

This month brought another host of exciting announcements in the satellite and NewSpace industry. As the human race gets ready to go back to the moon with NASA's Artemis program, we delve into the other big stories this month from new technology developments, organisational growth, industry investment and even the first space-based greenhouse!
